Shield of Arms

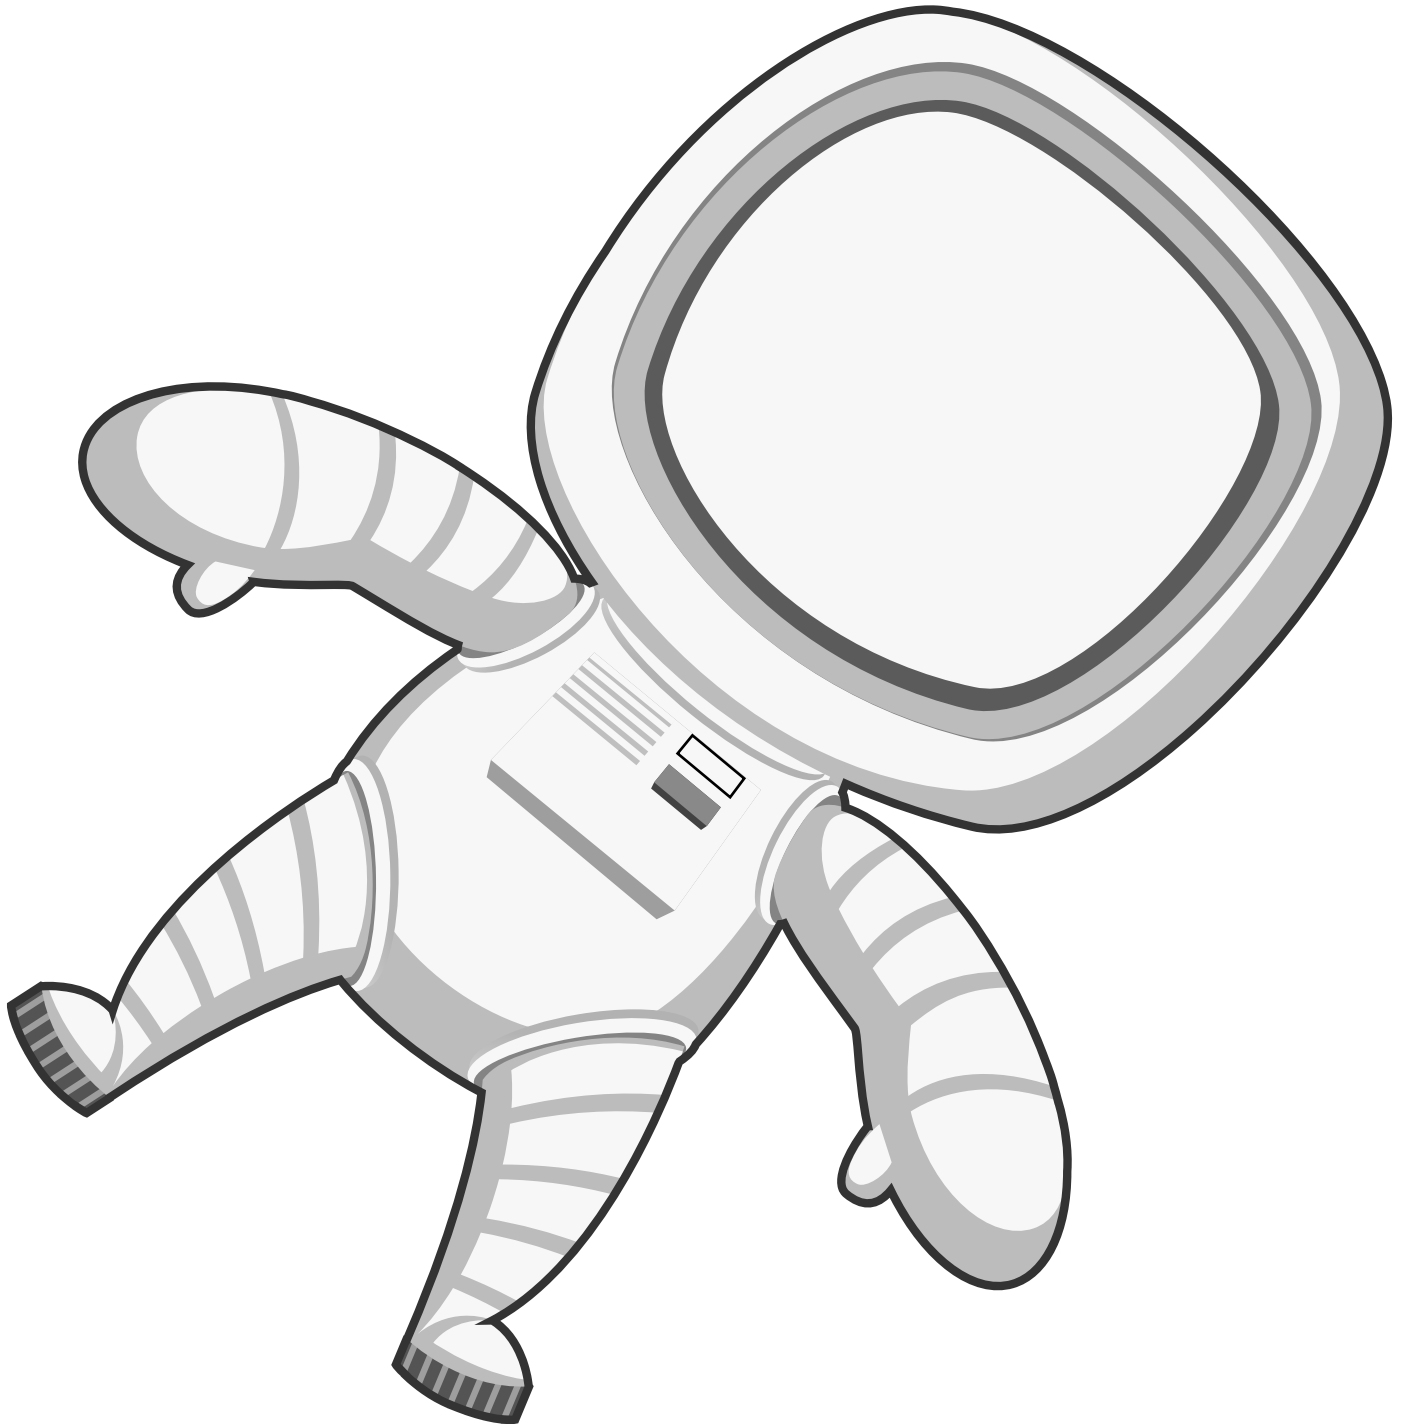

Copy the shield template onto cardstock paper. Have children cut out the shield and decorate with craft supplies. Have a show and tell when all are finished!

I'm an Astronaut!

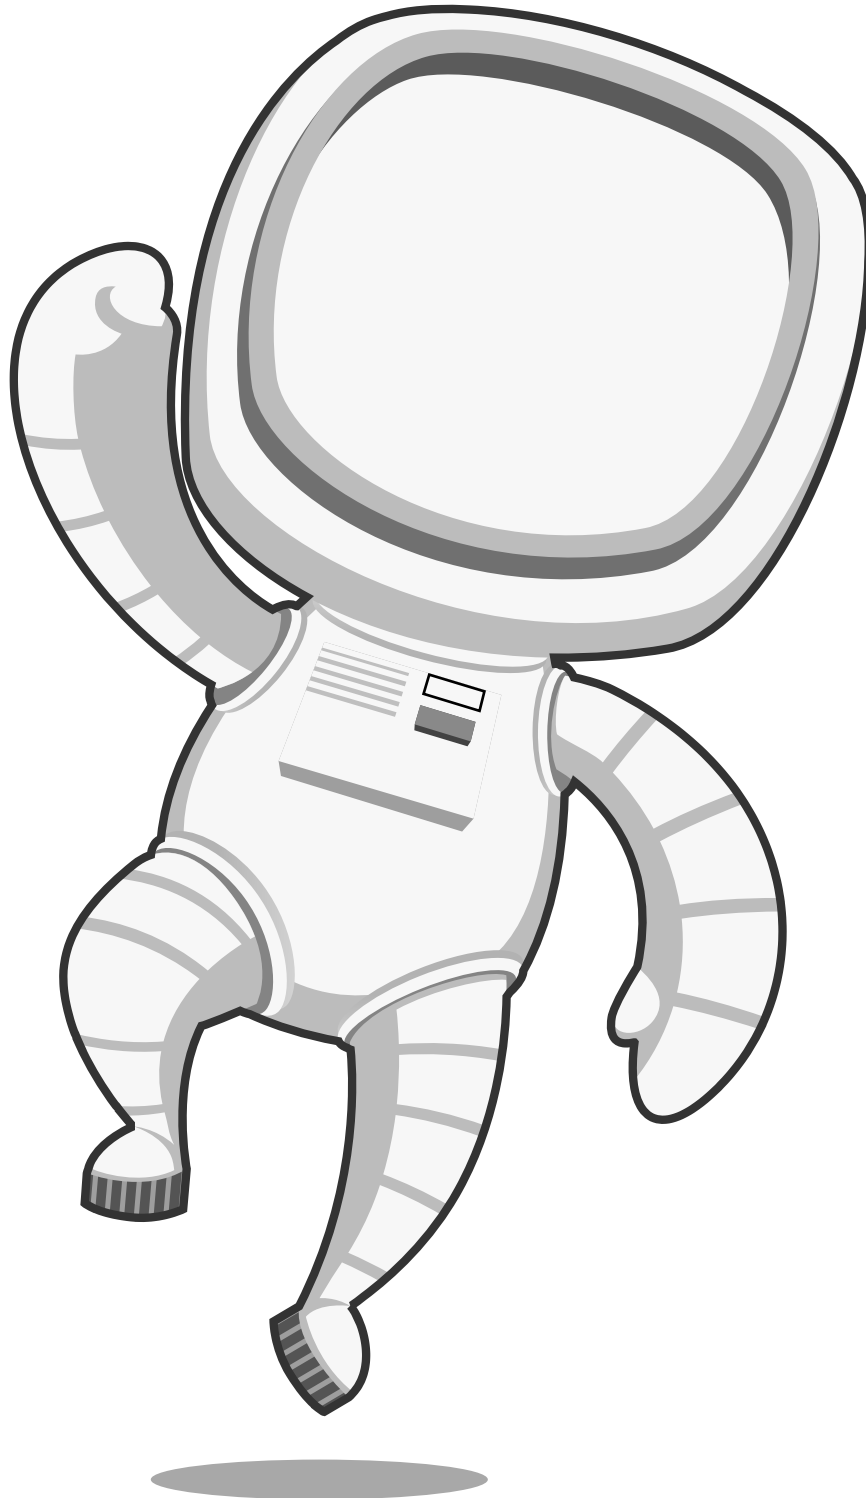

Take a headshot picture of each child. Have children decorate their astronaut space suit with craft supplies. Once finished, cut out the head shot and place in the helmet of the suit.

Buckaroo Boots

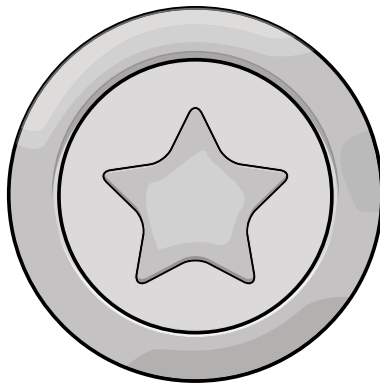

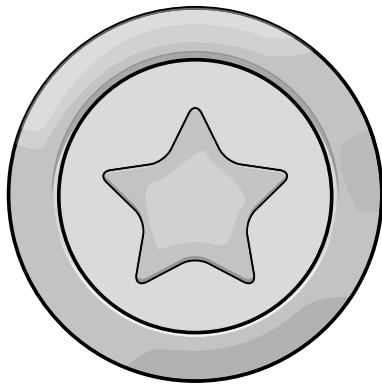

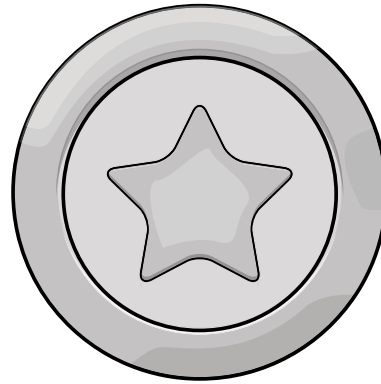

Every cowboy and cowgirl needs a pair of boots! Have children use craft supplies to create their own one-of-a-kind cowboy boots.

Find the Gold!

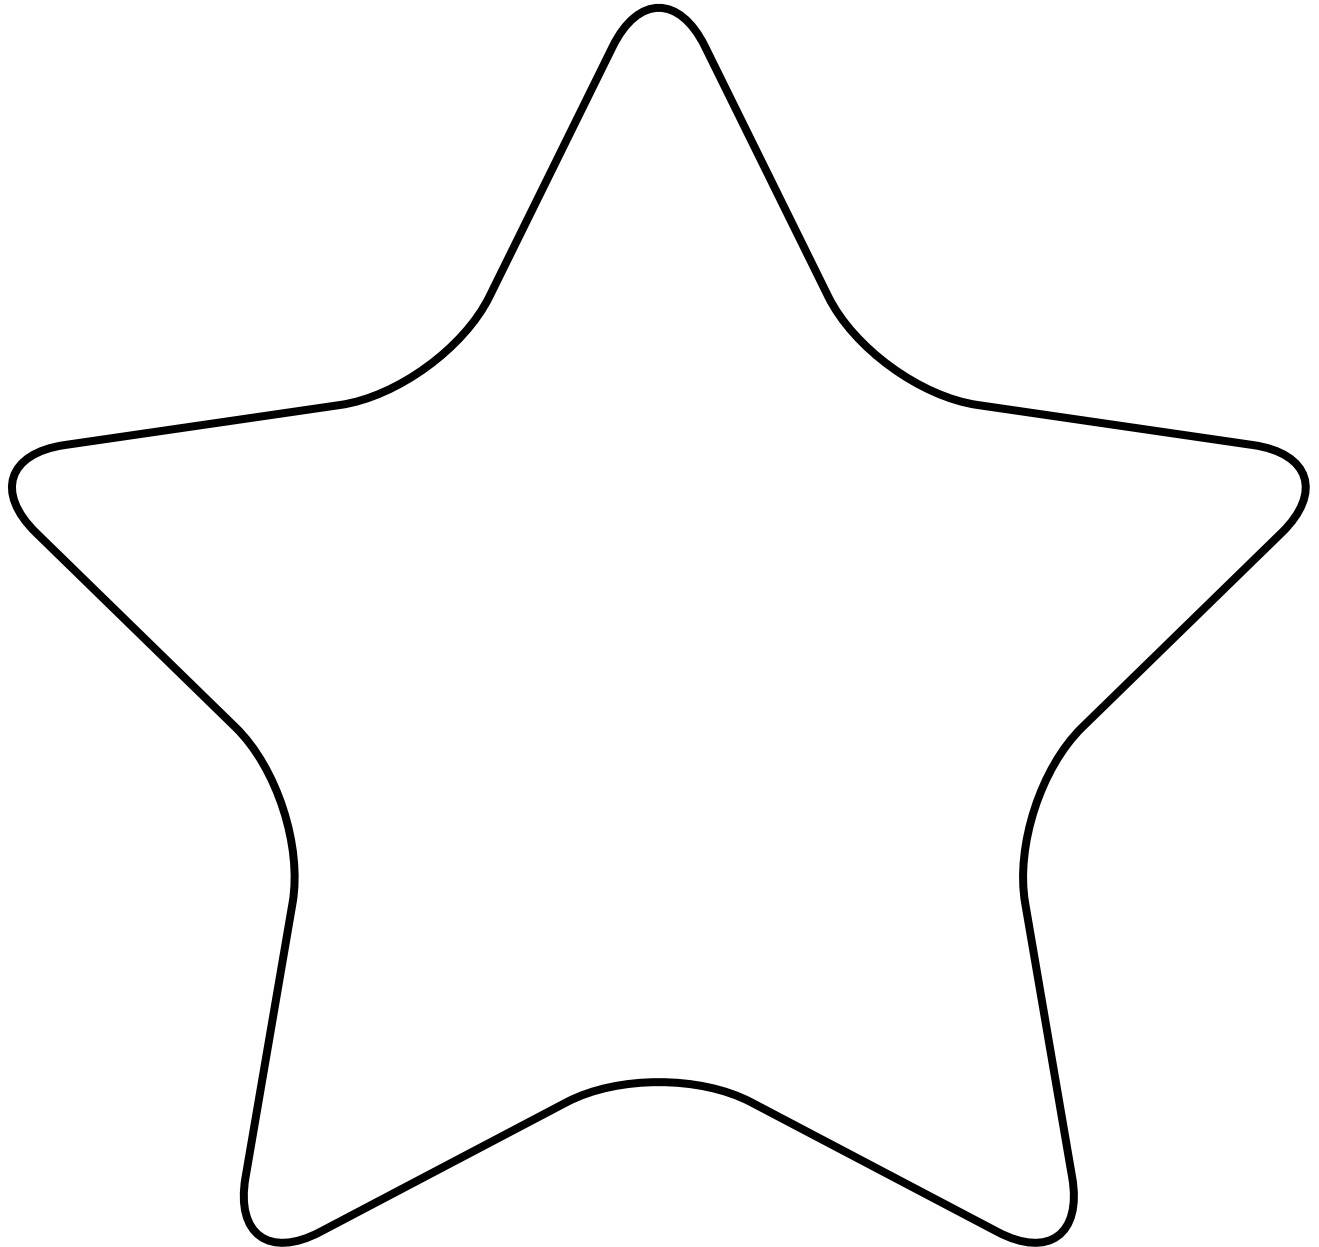

Cut out the coins from the template. Hide them around your child care in safe areas. Give the children clues to follow or a map marked with stops along the way until they find all the coins. Clues could be: What do people come through to come inside? Where do we wipe our feet? Where do we keep our food cold?

Wonderful Wands

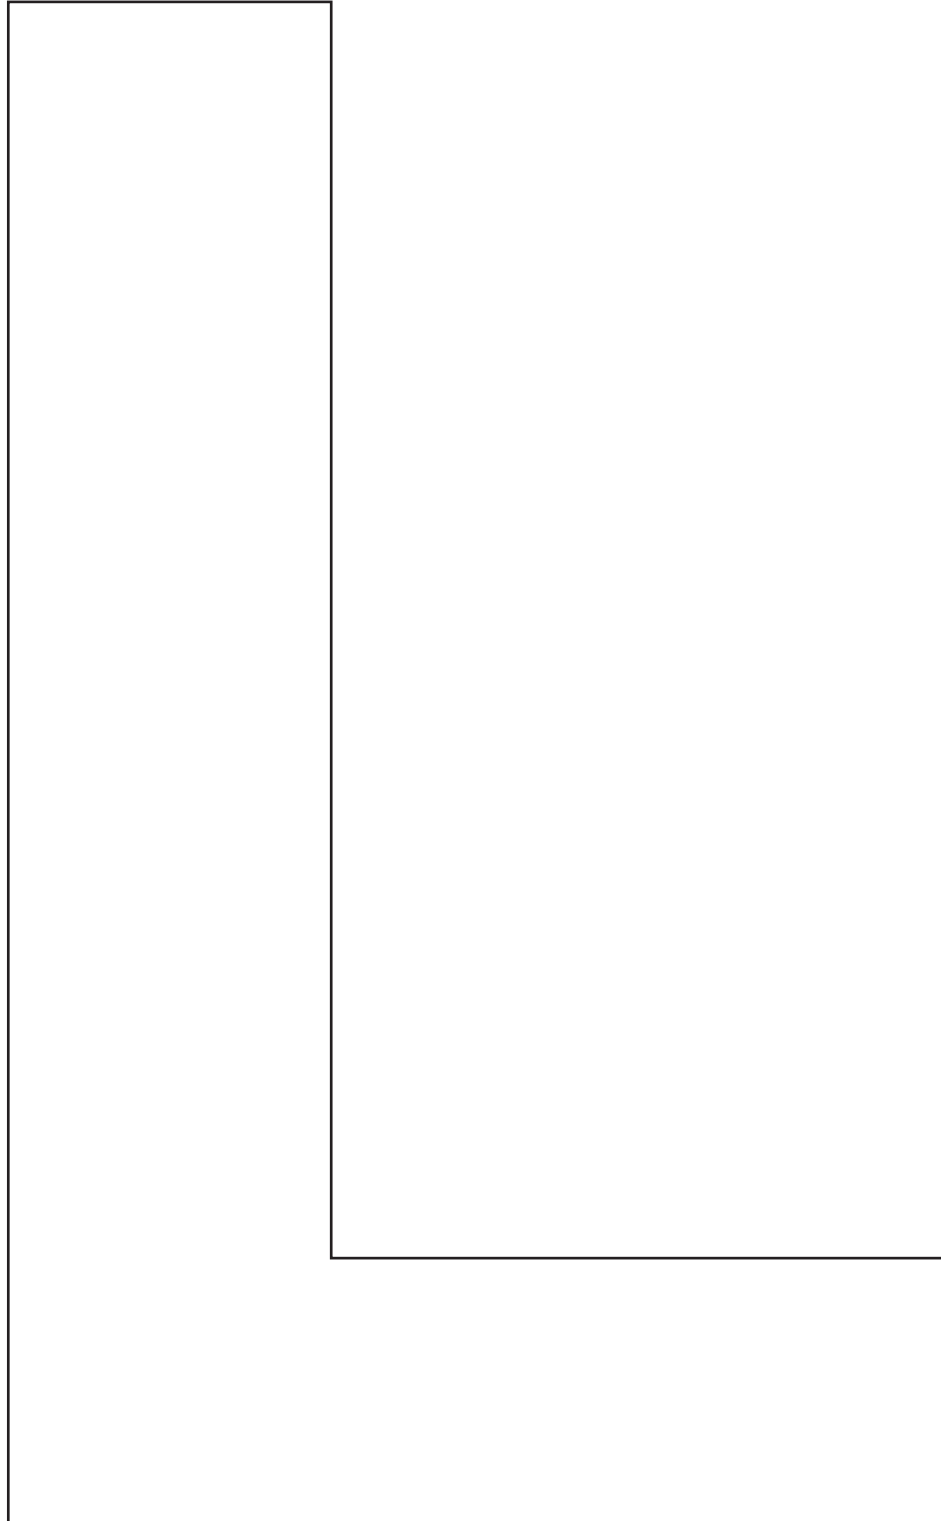

Every wizard or fairy needs a wand. Cut out stars using the template, one for each child. Have children decorate with craft supplies. Assist them in cutting out the star and gluing to a dowel rod or long craft stick to complete the wand.

Lasso the Letter L

Trace glue along the outline of the letter L. Cover the glue with a length of twine, making the letter L. For fine motor practice, teach the children to tie knots with additional twine. They can glue these to the letter L if they choose.

Mosaic Elephants

Cut various colors of tissue paper into different size squares and shapes. Have children paint glue onto the elephant template and place the tissue paper on top. Once the tissue paper has dried, assist in cutting out the elephant as needed. Glue onto construction paper for a colorful background.
